On April 24, 2021 ROBLOX announced that Builders Club would now cost 5 USD per month. As of 2021, Builders Club is no longer offered. On October 10, 2021 it was announced that you could now make game passes and sell them in the catalog for ROBUX or BC (Builders Concession). This includes some advantages over Free Mode such as being able to add a game trailer video, change the description of the game and enable the Flashlight on other players' devices. New users will begin with 100 ROBUX which is \$1 USD when they sign up for a new account. However, any user may donate any amount of ROBUX to get more in return.

Media usage and privacy concerns from various sources (see articles) have prompted user action against the company. ROBLOX is a site that allows its users to create their own 3D worlds by building them with the Roblox Studio software. Users can also import their own model and use it in their game. Users can also upload their game and give it ratings on ROBLOX's website. ROBLOX has also allowed users to create art of other games from other developers on YouTube through ROBLOX's brand of accounts created for this purpose. However, they have been criticized for not allowing users to upload custom art they have created into their games, which is done by making custom "Avatar" models for users which can then be used in-game.

As you can see from the image above, the most reliable way of getting free robux is by doing the missions which are listed under tasks. These missions are very fun to complete and they can be quite challenging as well. You have to complete a certain amount of these missions in a specific time frame. You can also do your friends' tasks and earn rewards for it. The task will reward you with different amounts of robux. Generally, you will earn around 50-100 Robux for completing a task which is equivalent to 3 testings on Roblox which otherwise costs 1 Robux each time. So it is obvious that you should complete as many tasks as possible.

Roblox is a wonderful platform for any developer to start learning how to code in the real world. Since it's relatively easy to use, it will allow you to create games and apps that will also be easy to use. All you have to do is choose your theme, write a few lines of code and test it out. If people like your app, they will play it and provide you with their feedback so that you can improve your project. Roblox has many features which include multiplayer servers, chat rooms, game rooms and the ability for developers to sell their games or items to other players if they wish. If you are interested in trying out programming, then Roblox would be a great place to start. You will not only have fun but you will learn many things. And who knows, one day your game could be the next hottest thing on the market!
